

Kleinert's awards college scholarships

We are pleased to announce the students selected by the Kleinert's Scholarship Fund Committee to receive college scholarships. The Scholarship Committee is composed of independent appraisers and educational professionals.

The student recipients are as follows:

Amy Reeves of Kinston High School.

Jeannie Scott of the Alabama School of Math and Science in Mobile.

Joey Arnold of Zion Chapel High School.

Margaret Froiseth of Enterprise High School.

Melinda Tyson of Elba High School.

Each of these students are eligible to receive \$3,000 each for tuition and other costs directly related to the pursuit of a four year degree at any accredited college or university.

Jeremie Bryan to exhibit cattle at 1995 Eastern Regional Jr. Angus Show

Jeremie Bryan, Elba, Alabama, will exhibit Angus cattle at the 1995 Eastern Regional Junior Angus Show in Timonium, Maryland, June 16-18, reports Richard Spader, executive vice president of the American Angus Association.

Jeremie, a junior member of the American Angus Association with headquarters in St. Joseph, Missouri, is one of 196 young Angus breeders who have entered a total of 425 head to compete for championship honors being awarded.

The Eastern Regional Junior Angus Show is sponsored by the American Angus Association and is one of five major youth shows sponsored by the national organization each year for its 8,000 active junior Angus members in the United States.

1st Calvary Division Reunion planned

"Boots and saddles" bugle calls are sounding around the country for all veterans of the 1st Cavalry Division to mount up and head for assembly in Killeen, Texas, on August 9.

The Central Texas city, just outside Ft. Hood, is the site of the 48th Annual Reunion of the 1st Cavalry Division.

Cavalrymen who rode the trails of West Texas in the 1920's and 30's will swap stories with young troopers who charged across the Iraqi desert in their M-1 Abrams tanks in the 1990's. Cav troopers who endured harsh winters during the Korean War will compare their stories with veterans who served in the steaming jungles of Vietnam. And World War II cavalrymen who island hopped across the Pacific will compare armament technology with today's 1st Cavalry troopers.

The 48th Annual Reunion will end on Saturday morning, August 13, with the bugle sound of taps as fallen troopers of the First Team are remembered and honored.

For more information or to register for attendance, veterans may contact the Association Headquarters at 302 N. Main, Copperas Cove, TX 76522-1799 or call (817) 547-6537.

Soldiers

who have served throughout the years with the 1st Cavalry Division have a saying -

"Once Cav, always Cav". The attention to this saying with veterans from the long past horse cavalry right up to veterans of the Gulf War traveling miles to share a few days with old buddies who were never forgotten.

The

48th Annual Reunion will

end on Saturday morning, August 13,

COUNCIL DISCUSSES POSSIBLE INCREASE IN DOG POUND FEES

Elba business license to increase by \$4.50

by Ferrin Cox
Publisher

The Elba City Council held a very short meeting Monday evening without Mayor Ricky Haywood.

It was announced that the mayor was out of town due to illness in his family.

The 20 minute meeting, with Mayor pro temp Bill Branson presiding, took care of the basics, but did not "break any new ground".

The council did formally introduce an ordinance which will increase the issuance fee for business licenses from \$0.50 to \$0.50 each. This was authorized last year by the Alabama legislature and discussed

briefly a previous council meeting.

The ordinance is now in line to be approved at the first in July.

A discussion on increasing the dog pound fees revealed that council members were not sure of the requirements in the present dog license ordinance. It was agreed each member would be provided with a copy of the ordinance prior to the next meeting.

During this same period, 15 dogs were picked up by the animal control officer. None were returned to their owners.

Police reported he was holding meetings with area ministers to discuss community problems and ways to solve them. He said the group met on June 21st and would meet again on June 28th.

Police Chief Max Hooks reported

the police had responded to 37 complaints issued 37 traffic citations, including two for Bloom Box violations.

They made 18 criminal arrest and investigated three automobile accidents.

During this same period, 15 dogs were picked up by the animal control officer. None were returned to their owners.

The second youth was charged in connection with only one of the offenses and he is charged with one count of theft of property in the first degree.

LEAVING THE SCENE

The police had responded to the same news release, police report a local juvenile has been charged in connection with an accident which occurred in Elba on May 5, 1995, at the intersection of Reese Ave. and Hickman Ave.

Police report the accident occurred between a motorcycle and a vehicle and that the person driving the vehicle (now believed to be a juvenile) left the scene of the accident.

The juvenile has been charged with a felony for leaving the scene of an accident in which a person was injured.

Recent low water pressure due to faulty pump on Elba's Well #3

by Ferrin Cox
Publisher

Water will be pulled from the bottom of the well. This is a full day's job, and installing the repaired pump will take two days. Then the pump must operate for several hours before the water is considered drinkable. At that point water samples must be taken and sent to Alabama Department of Environmental Management (ADEM) in Montgomery.

On Monday a temporary pump was installed at Well #3 (at the Brantley Highway tank) and supply and reserves were back to normal.

However, Water Supervisor Dennis Coleman explained that the problems are not over. He said that the regular pump will be repaired and re-installed after the holiday and this may cause more inconvenience to citizens. On July 5th the temporary pump

will be pulled from the bottom of the well. This is a full day's job, and installing the repaired pump will take two days. Then the pump must operate for several hours before the water is considered drinkable. At that point water samples must be taken and sent to Alabama Department of Environmental Management (ADEM) in Montgomery.

Considering a weekend is involved, Coleman expects the Brantley Highway well to be out of operation for about a week in early July. During this time some water for the #3 tank can be supplied from other wells by opening various valves and adjusting pressures. However, citizens will be urged to conserve water to insure ample supplies for basic needs.

state's portion of the juvenile offenders' portion of the state's portion of the salaries would be funded through July.

Judge Blair had asked the county's representatives in the state legislature, Representative Garrett Moore and Senator Dwight Adams, to come and address the commission this matter. Only Moore was in attendance at Monday's meeting.

Moore told commissioners he had picked up the action as he felt it would "put pressure" on the state legislature to provide the DYS to supplement the JPO's salaries.

All three juvenile officers were in attendance at Monday's commission meeting. Eva McGrath, speaking on behalf of the JPOs, told commissioners the three JPOs' salaries in full since that time.

Commissioners took the action as they had felt it would "put pressure" on the state legislature to provide the DYS to supplement the JPO's salaries.

Moore told commissioners he had picked up the action as he felt it would "put pressure" on the state legislature to provide the DYS to supplement the JPO's salaries.

He reasoned that although the state pays half the officers' salaries, they are looking out for local youth.

Moore told commissioners he had picked up the action as he felt it would "put pressure" on the state legislature to provide the DYS to supplement the JPO's salaries.

Blair told commissioners that while he understood their action, he was concerned about the youth of the county and the future status of these officers.

He voiced hope that they, the commissioners, would review their action by checking the status of a

Judge Randall Thomas, all "applications in proper form" were allowed to proceed with their plan.

Forty-four Alabama nursing homes were covered by the consent decree. Negotiations on allowing the others to proceed is ongoing.

In a consent decree issued by

the Alabama Nursing Home Association had begun court proceedings to get the freeze order lifted after appeals from both houses of the Alabama legislature fell on deaf ears at SHPDPA.

The Alabama Nursing Home Association had begun court proceedings to get the freeze order lifted after appeals from both houses of the Alabama legislature fell on deaf ears at SHPDPA.

Five beds will become available immediately, and the rest of the wall until additional work is done to comply with brand new life safety code requirements, according to hospital authorities (a new door is optional, even before going into use).

The plans had been on hold for several months since the Alabama State Health Planning & Development Agency (SHPDPA) had frozen all new nursing home construction authorized under a 1994 state law which appeared to authorize the increase.

Five beds will become available immediately, and the rest of the wall until additional work is done to comply with brand new life safety code requirements, according to hospital authorities (a new door is optional, even before going into use).

The law allowed a 10% increase in nursing home beds, if a certain percentage of occupancy was reached in the nursing home and certain conditions were met.

The Elba nursing home met the requirements and had completed the necessary paperwork for the additional ten beds. They had already received written approval of their plans to convert ten unused hospital beds which are adjoining the existing nursing home; however, the freeze order affected all nursing home construction.

BRAINSTORMS

With Ferrin Cox

Area law enforcement officers, including the sheriff's department, have been conducting a number of road blocks "to check driver's licenses" in recent weeks. While they issued a number of tickets for various violations, they have also prompted some questions and a written reaction from the state representative for the county. The questions most people have posed to us is, "why are they doing this?" - "Is it because of the recent passing through, with alcohol violations when their only 'crime' is they didn't know that in Coffee County alcohol must be in the trunk, etc. and not within reach of the driver. The reaction from some law officers managing the road blocks is that most people thank them for keeping the roads safe. We have heard no complaints on this facet of the action. However, we can readily see where it could hurt tourist traffic if Coffee County gets the reputation of being a "trap." We have had more than one law officer voice the opinion that when alcohol is being carried improperly in a car, passengers should be ticketed. We have heard that the reason suggests the alcohol be moved to the trunk to comply with the Coffee County law. We don't care if they never make any more alcoholic beverages but do like this particular way of using common sense in enforcing the law!

White on the subject, we need to repeat this warning to our readers headed to the beach during the July 4th holiday. Florida Highway Patrol officers will be roaming the roads in what they describe as "wolfpacks." They fully intend to see that residents and visitors have safe highways to travel on during this busy time of year. A wise driver will heed this bit of information. When one of these "wolfpacks" descends upon a particular section of highway, they gonna catch the traffic violators!

It was refreshing to see the U. S. Supreme Court uphold the right of school officials to conduct random drug tests in schools. An Oregon youth and his parents had sued when school officials required a drug test for him to play on the high school basketball team. The case had to go all the way to the supreme court to get it settled. Our attitude on drug testing is that it would be a wonderful opportunity to show the world a "drug free" person. No one would demand the right of dissolving Justice Sandra O'Conor, who wrote about "intrinsic bodily search." This is just peeing in a bottle for gosh sakes! We admire this female member of the U. S. Supreme Court and wonder just what her thinking is to draw such a response.

The trap was set for us. The people of Alabama have fought off the proposed closing of Ft. McClellan for 10 years but now it appears their fight is over. The base closing commission officially voted last week to keep the North Alabama chemical defense training facility on the closure list. Of course it is hard for us to understand how they are going to save money moving it to Ft. Leonard Wood, MO because they must first build the facilities to house the school and the chemicals at that base. It is not like they were consolidating two chemical facilities. We should be very thankful that Ft. Rucker was not on the shut down list.

One of the daily papers we read regularly carried a story last week about the future of safety using your credit card in cyber-space. That means buying things you want or need after clicking your computer around on the internet. What sounded better to us was the print on the outside of envelope we received Tuesday. It boldly proclaimed we should tear up our credit cards! Great idea. Actually it was another letter from another company wanting us to do the credit card and not the debit card for the first few months. We like the idea of paying those things off at the first of the month and paying no interest, so that proposal of 9.9% interest on transferred account balances fell on deaf ears. It is hard enough paying what we charge, without adding huge interest payments!

It is regrettable the U. S. Senate failed to nominate Dr. Henry Foster as U. S. Senator General. Though he has ethics in such nominations these days, we wonder if it is possible to get any nomination confirmed? The position is a figurehead at best and we fail to understand all the hoopla of did he or didn't he? Actually, experts say Foster would have been confirmed in a straight up or down vote. But Senate procedure requires a 2/3 majority to stop the stalling tactics of the opponents. This failed by three votes.

We hope you have a happy (and safe) Independence Day holiday!

ESJC Honor Rolls Announced

Spring quarter honor rolls for Enterprise State Junior College have been officially announced.

Seventy-six students earned President's List certificates. These students earned this quarterly honor by maintaining a 4.00 grade-point average with a course load of at least 12 hours.

Area students included on this list included: Patrice Adkinson, Vicki Deaderick and Carol Etta Kell of Enterprise; Vicki E. Calhoun and Robyn M. Rhodes of Elba and D. L. McColough of Jacks.

The Dean's List also compiled at the end of every quarter, recognizes full-time students who maintain a minimum of a 3.50 GPA for the quarter. The spring quarter list recognizes 99 students.

Students from this area included on the Dean's List were Susan M. Curran, Diana M. Howell and Tina C. Thomas, from New Brockton; Amy Baker, Adella D. Marler, Elizabeth M. Ray and Ashley P. Savel, all of Elba; and Melanie Motes of Jacks.

Melanie and David are presently residing in Enterprise, AL.

N. Factory Elba, AL 897-2800

First Baptist Young At Heart group has cook-out recently

By Nellie B. Martin

The late afternoon sun was setting in all of its glory turning the sky crimson as the guest began to arrive at the home of Earline and James Ross Poole.

A gentle breeze blew away the heat of a July hot summer day creating a comfortable setting for visitation outdoors.

It was almost 1 year ago that the Poole's entertained the Young At Heart Club from the First Baptist Church.

Their guest had been looking forward to a repeat engagement ever since the first day had arrived and the large parking area was soon filled and overflowing.

There were no formal invitations issued, no code on dress, and many were the colorful and comfortable outfits like dusty sandals, wrinkled shirts, un-ironed tops and shorts and sandals.

Low chairs were a must and soon filled the designated area. The double open door garage was set up for tables, food serving and drinks and etc. The spreading pecan trees offered a canopy of shade and also took care of the hanging plants and some shade.

Mother Nature obliged with colorful flowers in borders that were a delight both to the eye and nose with their variation of color and fragrances. However, the sweet smell of the Gardenias and lilies permeated the cool breeze and smothered the familiar aroma from Mark's Super Grill.

Many were the favorite dishes brought by the guest added to the goodies prepared by Mark and James Ross - whose culinary skills are well known.

Everybody seemed in a party mood with much visitation added to summer's outings and how vacation had been enjoyed.

The final word was sounded - "ready"! Earline extended a warm and gracious welcome.

A popular member of the group, Dr. Frank Wells, voiced a prayer of love, fellowship and Thanksgiving.

After the bountiful feast, the group enjoyed playing Bingo with

all prizes awarded coming from Erline's pantry.

Waiting on the sidelines was several freezers of homemade ice cream to be served. Yep, the clock had its hands "up" - but it's never too late for the Poole's homemade ice cream!

Enjoying this affair were: Mr. & Mrs. Wilson Nease, Mr. & Mrs. Jim Williams, Dr. & Mrs. Warr, Mr. & Mrs. Jack Branson, Mr. & Mrs. Lloyd Crook, Mr. & Mrs. Charles Kennett, Mr. & Mrs. Ed Hudson, Mr. & Mrs. Shorty Martin, Mr. & Mrs. Elmer Taylor, Mr. & Mrs. James Maddox, Mr. & Mrs. Floyd Morrow, Mr. & Mrs. Fred Moore, Mr. & Mrs. Waylon Sharp, Mr. & Mrs. Alan Collier and daughter Mrs. Harris Womack, Mr. & Mrs. Jane Hudson, Mrs. Aileen English, Mrs. Jean Paul, Mrs. Margaret Hasty, Mrs. Doris Taylor, Mrs. Mae Snellgrove, Mrs. Quinie Whitman, Mrs. Corrine Lowrey, Mrs. Addie Martin, Mrs. Linda Martin, Mrs. Thorne, Mr. & Mrs. Mike Grimes, Mr. Will, Dr. & Mrs. Frank Wells, Mr. and Mrs. Bill Meacham, Mr. & Mrs. James Martin, Mrs. Nell Edmonson, Mr. Rusty Bedsole, Mr. Kevin Martin, Mrs. Betsy & Mrs. Nellie B. Martin.

Views from....
The Pressbox
 By Ricky Mularz, Sports Editor

Back during school, the girls had a set time to go to bed and get up, and Melanie always spent the entire night in her bed and was the last one in the house to go to bed. Now, to go to bed is a different story since summer vacation has arrived. I never had a sleepover here hasn't been more than one or two nights that we haven't been joined by a six-year-old visitor. Some mornings she'll say she had a nightmare and got scared, while other nights she was either hot or cold, and just wanted to climb in with us under the covers. I really don't mind Melanie sleeping with us every now and then, but if this is going to be a regular summer happening, we'll have to tie her legs together to keep her from kicking us out of our bed!

BUSY SUMMER OF BALL ENJOYED BY ALL AGES

The Elba Department of Parks and Recreation closed out its regular seasons in softball and baseball last week and it was one of the biggest, and busiest summers ever for the city. The softball leagues boasted 15 teams and 120 players, and over 200 players and 30 coaches, while over in baseball there were 27 teams, over 6 All-Stars, and added up to almost 500 players and over 50 coaches. When you add up the total figures, over 700 players and 80 coaches were directly involved in baseball and softball this summer in the various leagues, which has to be some kind of record for a town with just over 4,000 people!

ELBA'S CHE VAUGHAN TO TAKE SKILLS TO TSU

Elba High School standout Che Vaughan made it official last week that he would sign a baseball scholarship with Troy State University. Vaughan has been a three-year starter for the Tigers and in recent years was one of South Alabama's leading home-run hitters, not to mention one of the area's top outfielders. Vaughan joins a long list of Tigers to move on to the junior college and college ranks, and should join in their success.

ELBA'S HAYDEN YOUNG MAKES JUMP TO PRO'S

Elba's Hayden Young made history last week when he became the first Elba graduate in recent history to sign a professional baseball contract. Young, a standout at L.B. Wallace Community College and later at Huntingdon University, was offered a contract in the Great Lakes League, but opted instead to try out for the Mobile Bay Sharks, of the Texas League. The All-Stars will be joined by six other teams to compete in the seven-team field for the double-elimination tourney.

Joining Elba in the tournament will be Greenville Nationals, Troy Americans, Brundidge, Luverne and Highland Home.

SUMMER WEIGHT PROGRAM IN FULL SWING

I stopped by the Elba Tiger weight room one day last week and was surprised to find several players working out in preparation for the upcoming season. Elba High has one of the finest weight rooms of any school in state and it's good to see that the players are taking advantage of the facility. Coach David Lowery has the summer program in full swing and it should pay dividends when practice gets underway.

Sports

In Babe Ruth tournament in Opp

13-year-old All-Stars begin play tonight

BABE RUTH BASEBALL
District 8 Tournament

13-Year-Olds Opp, Alabama

Thursday, June 25
6:30 - Elba vs. Opp

Friday, June 26
5:30 - Elba-Opp winner vs. Andalusia
8:00 - Elba-Opp loser vs. loser of 5:30 game

Saturday, June 27
5:30 - Winner of Friday 5:30 game vs. winner of Friday 8:00 game
8:00 - If needed

"and we are going to Opp with the intention of winning the tournament. I know the competition will be tough, since both Opp and Andalusia always field good teams; however, I believe this year we may have the team to pull off a surprise."

The tournament will be held at the Opp Recreation Park, located behind Opp High School, and admission will be \$2 adults and \$1 students.

"I think we've got a very good team," said Coach Bryan Daniels,

Elba High School standout Che Vaughan made it official last week that he would sign a baseball scholarship with Troy State University. Vaughan has been a three-year starter for the Tigers and in recent years was one of South Alabama's leading home-run hitters, not to mention one of the area's top outfielders. Vaughan joins a long list of Tigers to move on to the junior college and college ranks, and should join in their success.

ELBA'S HAYDEN YOUNG MAKES JUMP TO PRO'S

Elba's Hayden Young made history last week when he became the first Elba graduate in recent history to sign a professional baseball contract. Young, a standout at L.B. Wallace Community College and later at Huntingdon University, was offered a contract in the Great Lakes League, but opted instead to try out for the Mobile Bay Sharks, of the Texas League. The All-Stars will be joined by six other teams to compete in the seven-team field for the double-elimination tourney.

Joining Elba in the tournament will be Greenville Nationals, Troy Americans, Brundidge, Luverne and Highland Home.

SUMMER WEIGHT PROGRAM IN FULL SWING

I stopped by the Elba Tiger weight room one day last week and was surprised to find several players working out in preparation for the upcoming season. Elba High has one of the finest weight rooms of any school in state and it's good to see that the players are taking advantage of the facility. Coach David Lowery has the summer program in full swing and it should pay dividends when practice gets underway.

All-Star Sports & Graphics wins Men's Softball crown

The Elba Men's Softball League ended its season last week with All-Star Sports and Graphics claiming the league title with an 11-5 record.

The Elba Merchants placed second with an identical 11-5 record, due to a tie-breaker, while the rest of the standings showed Johnson Farms 10-6, Nalley's 6-8 and the Elba Athletics 1-4.

Following are last week's highlights:

ELBA'S 10
NALLEY'S 9

The Elba Athletics claimed their first win of the season in their last game of the season as they edged Nalley's 10-9.

Bowie and Fletcher both got 3 hits for the A's, while Ready, Jones, Funches and Granger all added 2. Keith Ward, Michael Redd, Richie Rugg, Phil Rugg, Danny Nalley, Billy Mitchell, D. Bush and B. Johnson all got 2 hits for Nalley's.

The "10 and Under" All-Stars competed in Dothan and claimed one win before being ousted in the 12-team event. The All-Stars lost to Ashford in the tourney opener, but then defeated Luverne before being

ousted by the Dothan Americans. The "12 and Under" All-Stars came in third and won two games before being ousted. The All-Stars fell to Dothan National Blue in their opening game, but rebounded to defeat Opp and Greenville, before falling to Geneva.

facing projects. He noted that although his review had revealed \$3.6 million of needed roadwork in the county's road system, there is only \$490,000.00 available to the federal government.

The federal government will provide \$393,000 of the funds while the county will contribute 20 percent in matching funds bringing the total to approximately \$490,000.

Tindell explained that in order to qualify for federal funding, a road cannot have had work done on it in the past 6 years.

In determining what roads could be resurfaced with the funds available, Tindell rated the qualifying roads on a scale of 1 to 10 and only those rated a 6 or below were considered.

Commissioners were given county highway maps with several different options to be considered. In making their decision, the commissioners will have to consider the

present condition of the road and the traffic flow on that particular road.

A decision will be made on the resurfacing projects in the next meeting of the commission on Monday, July 10.

Others items of business addressed by the commission were as follows:

***Voted to send out bid requests on bituminous coated corrugated pipe to be used on Co. Rds. 455 & 467. These two roads are to be prepared for paving.

***Appointed a committee to further study the adoption of a drug policy. The members of the committee are: Sheriff Ben Moulton, Revenue Commissioner, Ronnie Burns, County Engineer, Ronnie Tindell, Commissioners Randy Lunsford and Wendell Black.

***Appointed Gail Reynolds, of Enterprise, to serve on the Department of Human Resources Board of Directors.

Alabama State Troopers predict 20 lives will be lost on state's highways

During the Fourth of July holiday period, Alabama State Troopers will be out in force.

Troopers urge motorists to buckle up and drive with care to help ensure safe travel during the Independence Day holiday.

The Alabama Department of Public Safety estimates 20 people will be killed in traffic wrecks during the Fourth of July holiday.

The 102-hour travel period begins at 6 p.m. Friday, June 30, and ends at midnight Tuesday, July 4.

In 1994, 14 people died as a result of traffic mishaps during a 78-hour holiday period, 10 in rural roadways and 4 in urban areas.

At least 5 of the deaths were alcohol related, and 10 of the wreck victims were not using safety belts.

During the Fourth of July holiday

Community First Aid and Certification Class to be taught in Enterprise

facing projects. He noted that although his review had revealed \$3.6 million of needed roadwork in the county's road system, there is only \$490,000 available this year.

The federal government will provide \$393,000 of the funds while the county will contribute 20 percent in matching funds bringing the total to approximately \$490,000.

Tindell explained that in order to qualify for federal funding, a road cannot have had work done on it in the previous two years.

In determining what roads could be resurfaced with the funds available, Tindell rated the qualifying roads on a scale of 1 to 10 and only those rated a 6 or below were considered.

Commissioners were given county highway maps with several different options to be considered. In making their decision, the commissioners will have to consider the

present condition of the road and the traffic flow on that particular road.

A decision will be made on the resurfacing projects in the next meeting of the commission on Monday, July 10.

Others items of business addressed by the commission were as follows:

***Voted to send out bid requests on bituminous coated corrugated pipe to be used on Co. Rds. 455 & 467. These two roads are to be prepared for paving in 1995.

***Appointed a committee to further study the adoption of a drug policy. The members of the committee are: Sheriff Ben Moates, Revenue Commissioner Ronnie Burns, County Engineer Randy Tindell, Commissioners Randy Lunsford and Wendell Blalock.

***Appointed Gail Reynolds, of Enterprise, to serve on the Department of Human Resources Board of Directors.
